

HAPPY & SKINNY™

PRODUCT OVERVIEW:

Happy & Skinny™ features a groundbreaking approach to enhanced wellness that harnesses the power of hydrolyzed collagen peptide protein and potent natural nootropics to create something that is truly unlike anything else available anywhere in the world. This advanced and comprehensive product provides you with an easy and accessible way to find your happy place and help you build a body where you love to live.*

This 3-in-1 solution works to manage your munchies by providing an alternative to eating unhealthy foods, promotes healthy & youthful skin, and gives your energy levels & your mood a natural boost.* Happy & Skinny™ was designed from the ground up to help you feel better in your own skin in a multitude of cutting-edge ways.

Happy & Skinny™ actively works to promote healthier and hydrated skin, stronger bones and joints, healthy muscle tone, and increased vitality throughout your entire body.* We truly believe it's time you felt Happy & Skinny™ on the inside, outside, and everywhere in between. They say beauty is skin deep... so we think that's a good place to start.

HAPPY & SKINNY™

DELICIOUSLY DRINKABLE SKINCARE

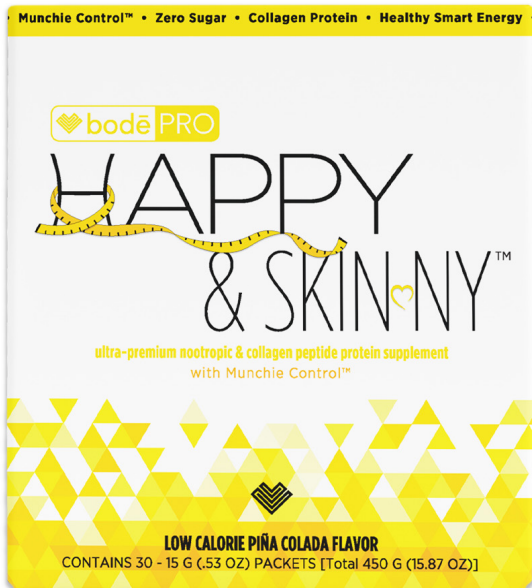

Our dedicated and experienced research and development team, the same team that brought you a number of best-selling, clinically studied formulas, took the traditional idea of skincare and made it drinkable and bioavailable. Happy & Skinny™ approaches health and skincare with a focus on what happens on the inside, targeting what you can't see to make you healthier in ways that you can see.

Happy & Skinny™ features 9 grams of hydrolyzed collagen peptide protein in addition to potent ingredients such as hyaluronic acid, vitamin D3, biotin, healthy amino acids, plant-sourced silica, and a diverse assortment of essential vitamins, enzymes, and minerals. Happy & Skinny™ is one of Bodē Pro's most complex formulas and utilizes ultra-premium ingredients that have been shown to be effective at producing an array of positive benefits.*

Happy & Skinny™ combines specific ingredients chosen for their known synergies all without fillers or additives. Every ingredient has a purpose and is sourced from the highest standards available.

HAPPY & SKINNY™ PRODUCT FACTS:

The delectable Happy & Skinny™ Piña Colada is quite possibly one of the most delicious supplements ever created. If you like tropical vacations, doing something good for your body, and piña coladas... you're going to LOVE this. Healthy truly has never tasted so good.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

†Happy & Skinny™ is to be used in conjunction with a healthy diet and daily exercise. Bodē Pro recommends consulting with your physician or healthcare provider prior to starting any new exercise or diet plan.

HAPPY & SKINNY™

PRODUCT USAGE:

As a dietary supplement, mix one packet of Happy & Skinny™ **Piña Colada** with 15 fl oz (or more if desired) of cold, purified water. Enjoy 15-30 minutes before eating. Shake well and often to ensure maximum enjoyment.

FOR OPTIMAL RESULTS:

To achieve the optimal results set forth by this potent formula, we encourage you to follow a sensible exercise program that works for you and is approved by your personal healthcare professional. We suggest doing small things throughout the day to help elevate your heart rate and get your body moving.† Even if you can only do 5 minutes daily, start there and work your way up to 30 minutes of activity per day. Hitting 10,000 steps a day has the potential to burn up to 600 calories, which is a small and simple action that could make a huge impact on your health. Be sure to stay hydrated! Your body will thank you!†

We recommend complementing your Happy & Skinny™ supplement and exercise routine by also following a low carb, clean eating plan that best fits your individual diet and nutritional needs.† We recommend utilizing a digital diet tracker, such as Carb Manager® available for free in the App Store and Google Play. This app helps you track what you eat and makes it easier to eat healthier, thus increasing your chances for success. **For additional diet and health tips, please visit BodePro.blog.**

HAPPY & SKINNY™ TARGET MARKET:

Happy & Skinny™ is intended for those who are seeking a convenient and well-rounded skin and total body wellness supplement that is targeted at producing tangible results and is wholly backed by science.

This product is specifically designed for individuals who are looking for an all-in-one solution that will help take their health to the next level when it comes to how they look on the outside and feel on the inside. It is more than a skincare product, more than an energy drink, and more than a supplement, but rather a first-of-its-kind blend of all three. The skincare market is dominated by women, who make up over 77% of the demand for skin supplements. However, even though we believe this specific majority will be drawn towards a product like Happy & Skinny™, especially its unique Radiant Skin & Munchie Control™ blends, a major appeal of Happy & Skinny™ is that it was designed for everyone, especially those who are health conscious.

After all, **who doesn't want to feel happy & skinny every day?**

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

†Happy & Skinny™ is to be used in conjunction with a healthy diet and daily exercise. Bodē Pro recommends consulting with your physician or healthcare provider prior to starting any new exercise or diet plan.

HAPPY & SKINNY™

KEY INGREDIENTS:

Hydrolyzed Type I Marine Collagen – Promotes healthy & youthful skin at the cellular level.* Also provides support for healthy hair, nails, bones, organs & joints.*

Hydrolyzed Type II & III Bovine Collagen – A natural munchie suppressant that helps take your mind off of unhealthy snacking.* Promotes stronger muscles, healthy connective tissues, joint function & may increase overall feeling of wellbeing.*

Hyaluronic Acid (HA) – Helps keep your skin moisturized, increases elasticity, and encourages healthier soft tissues.* Also works to increase the body's natural collagen production.*

Hoodia Gordonii – A naturally occurring succulent that has been used for generations for its potential benefits.

Essential Vitamin Blend – Potent antioxidants and immune-boosting vitamins essential for achieving optimal levels of health, immune function, and wellbeing.* Vitamins A & B work to amplify the benefits of collagen and hyaluronic acid.*

Digestive Enzymes – A blend of naturally-occurring enzymes that aid in healthy digestion and increase the efficacy at which the body turns food into energy.

Trace Mineral Blend – Key components in regulating fundamental metabolic activities necessary for achieving optimal wellness.*

Amino Acids – Shown to be effective at increasing your overall metabolic rate while working to promote a heightened collagen production.*

L-Theanine – A natural amino acid derived from green tea that works to enhance mental alertness, focus, and promote reduced stress levels.*

L-Alanine – A naturally occurring amino acid that supports physical endurance, healthier immune functions, and helps the body properly process sugar.*

126 mg of Natural Caffeine – Ethically sourced from green coffee beans and works to enhance energy levels.* Synergizes with L-Theanine to promote increased cognitive functions.*

Saffron Extract – Supports relaxation, mental positivity, and a healthy mood balance.*

Plant-sourced Silica – Promotes healthier & strong hair, skin, and nails.*

50 mcg (2000 IU) of Vitamin D3 – Supports bone, teeth, muscle, and advanced immune support.* Plays a vital role in skin protection and health.*

Biotin – Supports your metabolism by helping the body convert food into energy. Works to encourage healthier hair, skin, and nails.*

ADDITIONAL HIGHLIGHTS:

- **KETO FRIENDLY**
- **ZERO SUGAR**
- **LOW CALORIE**
- **ZERO CARBS**
- **GMO FREE**
- **DAIRY FREE**

HAPPY & SKINNY™

FREQUENTLY ASKED QUESTIONS:

What is collagen?

Collagen is an abundant natural protein that makes up about 33% of all the protein in your body at a given time. It is an essential component for healthy skin, joints, bones, and so much more. Collagen is like the cement that holds everything—muscles, tendons, bones, organs, etc.—together. As we age, our natural collagen production decreases which can lead to thin, textured, wrinkly, and even loose skin. Collagen plays a huge role in muscle strength, joint function, and more. Collagen is produced by the deepest layers of the skin, so it is difficult to fully absorb collagen when introduced topically. It is much more efficient to replenish and support your collagen levels from within, especially when that collagen is hydrolyzed and bioavailable like with Happy & Skinny™.

What are nootropics?

Sometimes called smart drugs, brain boosters, or memory-enhancing drugs, the term "nootropics" is roughly translated to mean "mind change." Nootropics are naturally occurring substances that aim to enhance your cognitive functions, specifically your focus, attention, clarity, and productivity.*

Can I take Happy & Skinny™ daily?

Of course! This product is designed to be consumed once or twice daily, as directed on the package instructions. We suggest enjoying Happy & Skinny™ 15-30 minutes before eating.

How quickly could I see results?

When it comes to the Proprietary Happy Nootropic Blend and Munchie Control™ Blend, we believe people should see results within the first 15-30 minutes after consumption; however, since everyone is different physiologically, your personal results may vary. In terms of the Proprietary Radiant Skin Blend, we think it is so efficient that we ask you to share your before & after photos with us after taking the product daily for 30, 60, and 90 days. Be sure to tag us @therealbodepro on Instagram, Twitter & Facebook when

you share your experiences with this product; we think you're going to truly love your skin. Individual results may vary depending on a variety of unique factors.

Can I take Happy & Skinny™ if I have a health condition or am taking medication?

As with any dietary supplement, we recommend checking with your healthcare professional before consuming Happy & Skinny™. If you are pregnant or nursing, or have a medical condition, please consult your healthcare professional before taking this product. Not recommended for children under 18 years old, or those who get an allergic reaction. Do not use if the safety seal is broken. Keep in a cool, dry place out of direct sunlight.

Do I need to exercise?

We highly recommend exercising every day if your body allows it.† Physical activity is a key to living a healthy lifestyle and works to compliment the target benefits of Happy & Skinny™. One of the best aspects of this product is the natural energy lift provided by the Proprietary Happy Nootropic Blend. Use that energy to get up and get moving. Make it a priority to exercise daily and do something positive for your health.†
